Re: Jeff Barnes
Case #9910128

Dear Mr. Barnes:

The State of Ohio Counselor and Social Worker Board received a complaint against you alleging a non-sexual boundary violation. The Board has the responsibility to ensure that its licensees maintain the highest professional standards and are not in violation of any of the laws and rules in Chapter 4757 of the Ohio Revised and Administrative Codes that govern the licensure and practice of social work in Ohio.

After a thorough investigation of the complaint, the Board found sufficient evidence warranting their taking formal disciplinary action against your license. Effective May 18, 2000, the Social Worker Professional Standards Committee accepted your request to relinquish your social worker license. The Committee accepts your licensure surrender in lieu of taking formal disciplinary action.

The case is now closed.

Sincerely,

A handwritten signature in cursive script that reads "Beth Farnsworth".
